ALTBERG FALCON

AIRCREW PILOT'S BOOTS MK3

Flight certified for fast jet pilots

Our Falcon boot MK3 is the third generation of Altberg pilot's boot. The MK3 is designed for maximum comfort and features improved lace stowage and reduced seams around the foot to decrease snagging or catching in the cockpit.

BENEFITS

- ⦿ Cockpit Compatible (Based on BAE HAWK AIRCRAFT)
- ⦿ Three climate versions available – temperate, hot and cold weather
- ⦿ Designed to be worn with G trousers
- ⦿ Specially developed sole to maximise pedal feel
- ⦿ Upper is close fitting around the heel and ankle to support foot and ankle during parachute landing
- ⦿ Extensive testing performed – independently through SATRA, and in conjunction with BAE Systems
- ⦿ Highest quality leather and materials, designed and manufactured in UK
- ⦿ Lightweight to minimise fatigue and compatibility with overall weight of the aircrew equipment

“Developed to maximise protection and comfort”

ALTBERG FALCON AIRCREW PILOT'S BOOTS - MK3

TECHNICAL DATA

Boot Dimensions	Medium height and width, sizing below
Sole	Cockpit and rudder pedal compatible (BAE HAWK AIRCRAFT) Non-debris/particle pick-up Heel to mid-foot torsional support, flexible forefoot for pedal 'feel'
Lacing	Wraparound system for lace stowage during use
Environments	Tested to extreme temperatures ranging from -70°C up to +70°C Tested to extreme pressure changes Tested to extreme wind velocity Tested to with stand aircraft specific fuels, liquids, and solvents Tested to flame resistance
